³ Credit Score is a VantageScore 3.0 based on single bureau data. Third parties may use a different VantageScore or a different type of credit score to assess your creditworthiness. Once you have activated credit file monitoring, you may request your credit score. Once you have done so, you will have access to your score on a monthly basis.

⁴ Credit Score Tracker: Once credit file monitoring has been activated and you have requested your first credit score, you may request a new credit score each month to be plotted on your Credit Score Tracker graph. Monthly email notifications will be sent to let you know when your new score is available.
